Opie:

The amounts for the activities in Millard County, S/027/093 - White Tiger and S/027/073 - Pretty in Pink, are sufficient. We are currently working on converting these activities to a Plan or Sale depending on the outcome of Common Variety Determinations.

Fw: Final Determination on
S0010057, S0270093, S0270073 and

I did receive the document below. Is the bond amounts stated sufficient?

David Penney will increase his Nationwide bond by submitting a rider to the bond along with another letter of credit.

You have a good day!

Subject: Final Determination, Penney's Gemstones LLC, Sliver 3-4 S/001/057, White Tiger S/027/093, Pretty in Pink S/027/073, Lost Gems S/001/056, Beaver and Millard Counties, Utah

Dear Mr. Penney:

This letter addresses your letter and response of January 15, 2008. The following disturbed acreages and bonding determinations referenced in this letter are considered final. You are therefore required to amend your permits with DOGM to reflect these acreages within 30 days. All permits are for exact acres disturbed. At any point, you may amend your permit to mine additional acreage, you are required to submit form MR-REV-SMO/EXP found on the Division's website at <http://www.ogm.utah.gov/minerals/MINERALSFORMS.htm>.

Silver 3-4 S0010057

You state that the road entering the Sliver 3-4 property is an RS 2477 road and should not be counted as disturbance. This is not the case, please read the attached BLM determination. The Division has decided to change the designation of your mine to a Small Mine and will terminate further review of the Large Mine Permit.

The Division will allow this site to fall within the Small Mine category, however; you are not allowed to expand beyond your current footprint or you will be subject to enforcement action. The Division has escalated the 2003 surety \$700 dollars good until 2010. You currently have \$20,000 dollars allocated to this project, so please remit the additional \$700. This surety amount was calculated in coordination with the BLM and is not considered a duplicate bond as you have stated. You may either post the additional \$700 with the BLM or us as long as we are both named on the surety.

White Tiger S0270093

A portion of this site is on BLM land and the other part is on state lands. The total disturbance is less than 1 acre. The surety amount for one acre or less is \$5,900. You currently have \$1,800 dollars under a nationwide bond with the BLM for this site. Your bonding liability is \$5,900. Please remit the \$3,100 dollars for the reclamation surety for this site. You may either post the additional \$3100 with the BLM or us as long as we are both named on the surety. Also, the Notice for this site does not show SITLA as a land owner. Please update the Notice with this information.

Mr. Penney

S0010057, S0270093, S0270073, S0010056

March 17, 2008

Pretty In Pink S0270073

The BLM agrees with the .91 acres disturbed area. The surety amount for one acre or less is \$5,900. You currently have \$3,000 dollars under a nationwide bond with the BLM for this site. Please remit an additional \$2,900 dollars for the reclamation surety for this site. You may either post the additional \$3000 with the BLM or us as long as we are both named on the surety.

Lost Gems S0010056

The Lost Gems area is 1.4 acre. The bonding liability is \$9,600. You currently have \$3,000 posted under a nationwide bond with the BLM, so please remit the additional \$6,600 dollars. You may either post the additional \$3000 with the BLM or us as long as we are both named on the surety.

We will expect the above stated amount to be filed with the BLM or DOGM within 30 days, if you decide to post the additional bond with DOGM then please contact Jed Pearson at Jedpearson@utah.gov or (801)538-5382 to obtain the necessary forms.

If you have questions or concerns regarding this letter, please contact me at (801) 538-5258 or Tom Munson at 538-5321. Thank you for your help in completing this very important regulatory requirement.

Sincerely,

Susan White
